## WHO AM I?

I am a 20-year-old engineering student with a long-standing passion for computer science. From a young age, I have been captivated by the world of technology and programming. I enjoy exploring various topics, constantly seeking to expand my knowledge and deepen my understanding of the world, especially computers. A significant part of my programming expertise has been self-taught through hands-on projects, including developing compilers, emulators, and web services. These experiences have not only honed my technical skills but also instilled in me a deep curiosity and a desire for continuous learning.

## TECHNOLOGIES

**Python**, fluent  
**Rust**, fluent  
**C**, fluent  
**JS/TS**, confident  
**Java**, confident  
**Go**, confident  
**React**, confident  
**FFMPEG**, confident  
**phoenix/elixir** confident  
**css/tailwind**, familiar

## EXPERIENCE

- 2022 **Two-day internship** **Altheria Solutions**  
During a two-day school internship, I collaborated with a team to integrate a replay library into their VR training software developed in Unity, marking my first experience with VR technology and Unity development.  
Unity / C# / VR
- 2021 **Two-day internship** **Synapsis Group**  
I completed a school internship at Syty.io, a platform studying global traffic using open data. During this experience, I successfully developed a complex visualization using D3.js, incorporating data provided by my supervisor over two days.  
React / JS / D3.js

## EDUCATION

- 2022 – Present **Bachelor's in Civil Engineering** **UCLouvain**  
Currently pursuing a bachelor's degree in engineering with a major in computer science and applied mathematics.
- 2022 **High School Graduate** **Lycée Martin V**  
Graduated from Lycée Martin V with a specialization in science and mathematics.

## LANGUAGES

**French** - native  
**English** - fluent  
**Italian** - rudimentary

## HOBBIES

**Chess** (1700 FIDE)  
**Climbing**  
**InfoSec** (655 points root-me)

## AWARDS

1st place in CyberSec task Hack-Yeah 2024  
1st place CECI - BEST hackathon February 2024  
2nd place CECI - BEST hackathon November 2023  
3rd place CECI - BEST hackathon 2023
